

J. SEBASTIAN R. VILLAMIL

 Multimedia Engineer

ABOUT ME

I am a Multimedia Engineer with knowledge of UX/UI design, video editing, and digital media. I enjoy creating intuitive interfaces and visual content that combines creativity with technical problem-solving.

I am proficient in Figma, DaVinci Resolve, Photoshop, Blender, and Unity, using these tools to develop functional and engaging multimedia solutions.

I am a responsible, disciplined, and committed professional with strong teamwork, adaptability, and continuous learning skills, always focused on delivering high-quality results.
